STATEMENT BY THE MANAGEMENT AND BOARD OF DIRECTORS ON THE ANNUAL ACCOUNTS

The board of directors and the management have of this date reviewed and approved the annual accounts for the financial year 1 January to 31 December 2019 for CARE Denmark, the foundation for voluntary development assistance.

The annual account is submitted in accordance with the articles as well as the law of accepted accounting principles for foundations and certain associations as described in applied accounting principles as well as announcement no. 1701 of 21 December 2010 on financial and administrative conditions of recipients of grants to operations by the Ministry of Culture.

It is our perception that the annual account gives a true and fair picture of the foundation's assets, liabilities, and financial position per 31 December 2019 as well as the result of the foundation's activities and cash flow for the financial year 1 January – 31 December 2019.

It is likewise our perception that there has been established procedures and internal controls which support that the transactions that are part of the annual account is in accordance with the announced grants, laws, and other directions as well as with awarded contracts and common practice; and that there has been taken reasons of economy in the administration of the funds and in the operation of the activities, which are included in the accounts.

It is our perception that systems and processes are in place, which supports economy, productivity and efficiency.

It is furthermore our perception that the management's review contains a true and fair statement of the development of the organisation's activities and financial relations as well as a description of the particular risks that the organisation can be affected by.

The annual account is recommended for approval.

Independent auditor's report

To the Board of Directors and the Management of CARE Danmark, fonden for frivillig ulandsbistand

Opinion

We have audited the financial statements of CARE Danmark, fonden for frivillig ulandsbistand for the financial year 1 January – 31 December 2019, which comprise income statement, balance sheet, cash flows and notes, including accounting policies. The financial statements are prepared in accordance with the articles of the foundation and the provisions of the Danish act on foundations and certain associations regarding generally accepted accounting principles as described in the "Accounting policies" section of the financial statements, as well as the Danish Executive Order no. 1701 of 21 December 2010 on financial and administrative matters in respect of recipients of operational grants from the Danish Ministry of Culture, chapter 2 and 6.

In our opinion, the financial statements give a true and fair view of the financial position of the foundation at 31 December 2019 and of the results of the foundation's operations and cash flows for the financial year 1 January – 31 December 2019 in accordance with the articles of the foundation and the provisions of the Danish act on foundations and certain associations regarding generally accepted accounting principles as described in the "Accounting policies" section of the financial statements, as well as the Danish Executive Order no. 1701 of 21 December 2010 on financial and administrative matters in respect of recipients of operational grants from the Danish Ministry of Culture, chapter 2 and 6.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and additional requirements applicable in Denmark as well as generally accepted public auditing standards as the audit was performed on the basis of the provisions of the audit instructions regarding the performance of audit procedures in connection with strategic partnerships' management of activities in developing countries and the Danish Executive Order no. 1701 of 21 December 2010 on financial and administrative matters in respect of recipients of operational grants from the Danish Ministry of Culture, chapter 2 and 6. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the foundation in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the articles of the foundation and the provisions of the Danish act on foundations and certain associations regarding generally accepted accounting principles as described in the "Accounting policies" section of the financial statements, as well as the Danish Executive Order no. 1701 of 21 December 2010 on financial and administrative matters in respect of recipients of operational grants from the Danish Ministry of Culture, chapter 2 and 6 and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Independent auditor's report

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance

with ISAs and additional requirements applicable in Denmark as well as generally accepted public auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit conducted in accordance with ISAs and additional requirements applicable in Denmark as well as generally accepted public auditing standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the foundation's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- ▶ Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and contents of the financial statements, including the note disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required in the Danish Executive Order no. 1701 of 21 December 2010 on financial and administrative matters in respect of recipients of operational grants from the Danish Ministry of Culture, chapter 2 and 6.

Independent auditor's report

Based on the work we have performed, we conclude that the Management's review is in accordance with the Danish Executive Order no. 1701 of 21 December 2010 on financial and administrative matters in respect of recipients of operational grants from the Danish Ministry of Culture, chapter 2 and 6. We did not identify any material misstatement of the Management's review.

Report on other legal and regulatory requirements

Statement on compliance audit and performance audit

Management is responsible for ensuring that the transactions covered by the financial reporting comply with appropriations granted, legislation and other regulations and with agreements entered into and usual practice; and that due financial consideration has been taken of the management of the funds and operations covered by the financial statements. Consequently, Management is responsible for establishing systems and procedures supporting economy, productivity and efficiency.

In performing our audit of the financial statements, it is our responsibility to perform compliance audit and performance audit of selected items in accordance with generally accepted public auditing standards. When conducting a compliance audit, we test the selected items to obtain reasonable assurance as to whether the transactions covered by the financial reporting comply with the relevant provisions of appropriations, legislation and other regulations as well as agreements entered into and usual practice. When conducting a performance audit, we perform assessments to obtain reasonable assurance as to whether the tested systems, processes or transactions support due financial considerations in relation to the management of the funds and operations covered by the financial statements.

We must report on any grounds for significant critical comments, should we find such when performing our work.

We have no significant critical comments to report in this connection.

MANAGEMENT'S REVIEW

Projects and Programmes

CARE Denmark is a private and independent aid organisation working in 14 countries divided on three regions: West Africa, East Africa and Asia. CARE Denmark is part of CARE International – one of the world's largest humanitarian organisations.

In December 2018, CARE Denmark adopted a new strategy with the vision of 'A green and fair world'. The new strategy is focusing on climate, green solutions and sustainability as well as an enhanced humanitarian effort particularly related to climate disasters. Additionally, CARE Denmark is focusing on innovation and private partnerships along with an enlarged effort to engage the Danish people in CARE's activities.

Care Denmark's revenue totalled 121 million DKK in 2019. CARE Denmark receives around half of its revenue from Danida to support specific projects and programmes. In addition, CARE Denmark in 2019 received support from other institutional donors such as the EU. CARE Denmark also receives funding from corporations, foundations and private donors.

In 2019, total contributions to projects and programmes including administration grants amounted to 100 million DKK, of which 58.5 million DKK came from Danida, 34.5 million DKK from the EU and other institutional donors and 7 million DKK from corporations, foundations and private donors for assigned projects.

The Strategic Partnership Agreement with Danida, has been running for two year, with high satisfaction between the two partners. For the first time, CARE Denmark in 2019 was granted funding for a big consortium project in Uganda from ECHO as well as funding from EU Trust Fund for Uganda. From CISU's emergency aid pool, CARE Denmark has been granted funding for activities in Mali and Burkina Faso. With private funds from the yearly Danish National Telethon, Novo Nordisk, Innovasjon Norge, FAHU and the Hesse-Ragles foundation new projects in Uganda, Mali, Bangladesh, Niger and Mozambique has been established.

By the end of the year, CARE Denmark was running 36 projects in 14 programme countries.

Restricted funds for specific projects are transferred to CARE's country offices throughout the year, as they are being used in the projects. The accounts include the amount used at the time of the transfer to the country office or at the time at which expenses have been incurred in Denmark. A separate account of the individual grants is provided to the public donors.

RESTRICTED REVENUE ALLOCATED TO PROJECTS AND INFORMATION

Excl. Adm. fee	2019	2018	2017 <i>(1.000 DKK)</i>	2016	2015

REVENUE TOTAL	93.224	84.137	68.438	75.308	100.546

Fundraising Activities

In 2019, CARE Danmark raised a total of 20.6 million DKK from private donors, corporations, and foundations, together representing 18 per cent of the total revenue.

The total amount of funds raised by CARE Danmark in 2019 are lower compared to the 2018 level. This is primarily due to a decrease of 15% in private fundraising from support members and contributors. In 2019, we have deliberately focused on consolidating our existing member database before initiating new fundraising activities and campaigns in 2020 with the aim of obtaining new contributors and support members. This has resulted in substantial savings in expenditures in the current year.

The majority of private fundraising in 2019 still came from regular contributors and support members and amounted to 13.3 million DKK – of which 2 million DKK came from memberships.

The number of support members in CARE Danmark has decreased from 11,953 members in 2018 to 9,637 members in 2019. The number of contributors decreased from 18,652 in 2018 to 15,965 in 2019 corresponding to a decrease of 14.4%.

In 2019, CARE Danmark received 5.1 million DKK from corporations and foundations, which is at the same level as in 2018. In 2019, CARE Danmark also took part in the yearly Danish National Telethon that raises funds for humanitarian projects in developing countries. CARE Danmark's share of the amount was 2.1 million DKK earmarked for a project in Uganda focusing on education for girls.

TOTAL CONTRIBUTORS AND MEMBERS

	2019	2018	2017	2016	2015
Total contributors 31.12	15.965	18.652	20.565	21.182	23.858
Total individual members	9.637	11.953	12.874	12.698	15.737

Administration

Administration expenses include all staff, office, and operating costs including provisions for depreciation, which are not specifically related to project, partnership or engagement activities.

The administrative expense ratio in relation to total revenue has decreased from 13.8 per cent in 2018 to 12.8 per cent in 2019. This is first and foremost due to an increase in revenue from public institutions of 10 million DKK in 2019 compared to 2018, as the administrative expense ratio is computed in relation to total revenue.

The management is determined to reduce the administration rate to 12 per cent in 2020.

Annual Result and 2020 Forecasts

The annual result was a surplus of 853 thousand DKK in total on the non-earmarked funds, against a budgeted surplus on a total of 200 thousand DKK. The result of non-earmarked funds is satisfying and the net capital as of 31st December 2019 amounts to a total of 3.7 million DKK.

In 2020, CARE Danmark expects a surplus of 500 thousand DKK. In December 2018 CARE Danmark adopted a new strategy, which aims to increase revenue significantly to a total of 200 million DKK towards 2025. The objective is to have a non-earmarked equity by the end of 2025 on a total of 10 million DKK.

The Strategic Partnership Agreement with Danida amounted to 54 million DKK in 2019. In 2019, the revenue from EU and other foreign institutional donors has increased significantly and in 2020, we expect further growth in funds from EU as well as funds for humanitarian activities. In 2020, it is expected that new partnerships with corporations and foundations are established in close cooperation about implementing new innovative activities and projects.

We look forward to 2020 with great expectations regarding the transformation of our work and our organization in terms of the new strategic direction. We expect a positive financial result with a surplus of 500 thousand DKK contributing to the ongoing strengthening of our non-earmarked equity. We have high ambitions to enhance our financial performance on the long term, and the secretariat is determined to exercise tight and focused financial control in 2020.

No events which could significantly affect CARE Danmark's financial position have occurred after the closing of the accounting period.

ACCOUNTING POLICIES

General

The Annual Account is presented in accordance with the Danish Act on Foundations and Certain Associations and the Foundations rules, as stated in applied accounting procedures as well as notice article 1701 of December 21st 2010 from the Danish Ministry of Culture on economic and administrative conditions for recipients of grants for running costs.

The Annual Account policies are consistent with those of last year.

Income Statement

Restricted Income

Funds received for specific purposes, such as projects or educational activities, are recognised in the income statement under restricted income.

Public funds are recognised as income once the request for payment has been issued.

However, public funds from the Strategic Partnership Agreement with the Ministry of Foreign Affairs are recognised as income in the subsequent year, if it has been granted to CARE Danmark in the current financial year but concerns the subsequent year and has been received on the balance date.

Public funds, which have been received but not spent during the fiscal year, are transferred to project accounts as "prepayments". Furthermore, included in this item is support from previous years, which is used in the present financial year as well as interest from project accounts.

Private contributions and gifts, which are not used for their respective purposes during the year, are transferred to the available capital under the item "Transferred to/from the available funds". Furthermore, included in this item are contributions and gifts from previous years that are being used in the present financial year.

Use of Restricted Funds

The annual expenditures in terms of transfers to and from the project countries and expenses incurred by CARE Danmark including payroll expenses financed directly by the individual projects are included under the item "Use of Restricted Funds".

Use of Other Funds

Other expenses include project costs which are financed by own funds, partnership and engagement, operating expenses, depreciation, and staff costs comprising salary, including holiday pay and pensions.

Entering of other contributions and subventions

Private contributions are accounted for at the time of receipt. However, in the case of a preceding commitment, private contributions will be accounted for at the time of the commitment. Revenue in terms of inheritance and gifts are also accounted for in the income statement when the testator or grantor has given approval or on the basis of a declaration of intent regarding the inheritance from the testator's representative.

Overhead contributions are recognised as income concurrently with the accounting of restricted funds.

Balance Sheet

Tangible Fixed Assets

Tangible fixed assets include other operating equipment and the furnishing of rented premises. Tangible fixed assets are measured at cost less accumulated depreciations and write-downs. All fixed assets are depreciated on a straight-line basis over four years except for investments in the furnishing of rented premises, which are depreciated over eight years.

Receivables

Receivables are measured at amortised cost, which normally is similar to the nominal value, with deduction of write-downs to comply with expected losses.

Available Funds

The cash balance comprises available cash as well as the credit balance in financial institutions in Danish kroner and foreign currency.

Accruals and Deferred Expenses

Accruals are accounted for under the item, which comprise prepaid expenditure regarding the subsequent financial year.

Accruals are calculated in relation to cost.

Net Capital

The net capital consist of restricted capital in terms of unrestricted revenues and unrestricted funds, which are comprised of financial results transferred from previous years.

The unrestricted funds include the balance that is available for the execution of specific targeted activities in subsequent financial years, or accounted earmarked donations and the like, which is not yet spend.

Liabilities

Financial liabilities consist of the public grants, which remain on project bank accounts relating to ongoing projects. Other payables concern debt to creditors and public authorities.

Financial liabilities are measured at amortized cost, which usually corresponds to the nominal value.

Conversion of foreign currency

Transactions in foreign currencies are converted by the exchange rate of the day of recognition. Receivables, debt obligations and other monetary posts in foreign currencies, which are not recognised the day of the accounted exchange rate, will be converted to the exchange rate of the day of recognition. Differences between exchange rates, which occur between the transaction day and the day of payment and the balance day, are accounted for in the income statement as financial posts.
